2014 Korean Society of Cardiovascular Disease Prevention (KSCP) Symposium

Date: September 27 (Saturday), 2014

Place: Yonsei University Health System

Registration and welcome (10:00-10:20)

I. Prediction model for cardiovascular diseases in Asian population

Chairs: Il Suh (Yonsei University), Hyun-Young Park (Korea NIH)

10:30-10:50	CVD risk prediction in Taiwan - Hsing-Yi Chang (Taiwan)
10:50-11:10	CVD risk prediction in Thailand - Somkiat Sangwatanaroj (Thailand)
11:10-11:30	CVD risk prediction in Korea - Hyeon Chang Kim (Yonsei University)
11:30-11:50	CVD risk in patients with diabetes - Sang Youl Rhee (Kyung Hee University)
11:50-12:20	Panel discussion

Lunch (12:20-13:00)

`

II. Biomarkers and cardio-metabolic risk

Chairs: Dae-il Chang (Kyung Hee University), Seung Hwan Han (Gacheon University)

13:00-13:20	Coronary artery disease - Jang-Young Kim (Yonsei University)
13:20-13:40	Cerebrovascular disease – Oh Young Bang (Sungjyunkwan University)
13:40-14:00	Metabolic disease - Dae Jung Kim (Ajou University)
14:00-14:30	Panel discussion

Coffee break (14:30-14:50)

III. Vascular imaging and cardiovascular risk

Chairs: Chang Kyu Park (Korea University), Chul Woo Ahn (Yonsei University)

14:50-15:10	Imaging markers in CVD prevention - Katsuyuki Miura (Japan)
15:10-15:30	Coronary artery disease – Won Kim (Kyung Hee University)
15:30-15:50	Cerebrovascular disease - Seul-Ki Jeong (Chonbuk University)
15:50-16:20	Panel discussion

Closing remark (16:30)
